## STYLE GUIDELINES

### Format

---

*Citation guidelines* [American Psychological Association](#) Style Manual

*Maximum length* 30 pages

*Typography* Times New Roman 12 pts.

*Space lining* Simple. No space between paragraphs.

*Margins, indentation* The text must be justified on both margins and without indentation within the first paragraphs. Margins size will be 2.50 cm.

*Notes* At the bottom of the page (footnotes), consecutively numbered. Times New Roman, size 10, simple space lining, justified on both margins.

*Quotations, citation* The APA guidelines will be followed. It is recommended a minimum use of quotations and citations; these will be used only if the text is particularly relevant or adequate for the discussed subject.

### Tables and Figures

---

*Tables* Numbered with Arabic numerals according to their appearance in the text. At the bottom of each one of them they must include a short text summarizing its content. They will be integrated in the text.

*Figures* Drawings, images and graphics will be referred as “Figures” and they will be numbered with Arabic numerals according to their appearance in the text. They will not be integrated in the text. the figures must be sent in JPEG or TIFF format and numbered. A list of the figures is to be attached where the number of the figure will be indicated, as well as a short text specifying or summarizing the content of the concerned figure.

### Bibliography

---

Bibliography will appear at the end of the text. It will only include the bibliography used in the elaboration of the paper and, therefore, it appears cited in the previously sent text. Bibliography must adjust to the APA guidelines.
