

ERASMUS+ ALL THROUGH SCHOOLS WORKSHOP

International Links Global with its partners in Wales (Swansea University School of Education/Ysgol Gymraeg Ystalyfera Bro Dur) and in Murcia, Spain and Iceland applied for grant funding to Erasmus+ to carry out a comparative research project. It is focussing on all through schools in three different countries, to explore the ways in which all through schools contribute to enhanced student learning and improved student well-being. To celebrate our work to date our partners in Murcia (Region de Murcia, University of Murcia and Colegio Mirasierra) are providing us with 2 workshops focussing on the Pedagogical aspects of All Through Schools. This innovative programme of 2 sessions (approx. 90 minutes sessions each) will be coordinated by our partners in Murcia.
