Práctica 5

Estudio morfoanatómico de Anélidos

(Guía visual de las Prácticas de Zoología)

MD García, MI Arnaldos y JJ Presa

Nereis sp.

Nereis sp. Estructura de un segmento

Nereis sp. Detalle 1

Nereis sp. Detalle 2

Cordón nervioso

Nereis sp. Región anterior (visión dorsal)

Nereis sp. Región anterior (visión ventral)

Nereis sp. Podio

Nereis sp. Podio

Arenicola sp. Regiones corporales

Trompa y prostomio

Detalle del prostomio

Arenicola sp.

Arenicola sp. Región torácica

Arenicola sp. Región abdominal

Arenicola sp. Región abdominal

Arenicola sp. Detalle del bocel uncinífero

Lumbricus sp. Dorsal. Detalle

Lumbricus sp. Ventral. Detalle

Lumbricus sp. Sección de un segmento

Lumbricus sp. Detalle 1

Pared del cuerpo

Lumbricus sp. Detalle 2

Lumbricus sp. Detalle 3. Inserción de sedas

Hirudíneo. Anatomía interna

Hirudíneo. Detalle 1

Hirudíneo. Detalle 2

Hirudíneo. Detalle 3

**Ventosa
anal**

Hirudíneo. Detalle 4
