

# NOMBRES COMUNES EN QUÍMICA ORGÁNICA

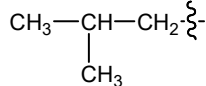

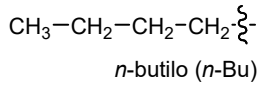

isopropilo (*i*-Pr)

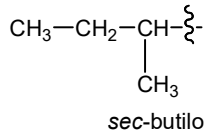

bencilo (Bn)

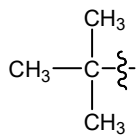

fenilo (Ph)

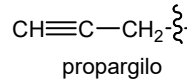

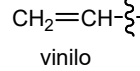

isobutilo (*i*-Bu)

sec-butilo

terc-butilo (*t*-Bu)

furano

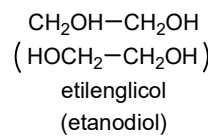

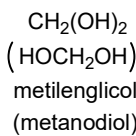

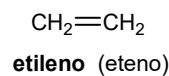

tiofeno

pirrol

piridina

tolueno

estireno

fenol

anisol

anilina

naftaleno

antraceno

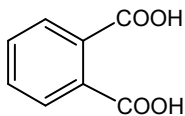

fenantreno

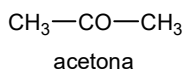

benceno

benzofenona

ácido ftálico

benzaldehído

ácido benzoico

benzamida
